

Find a Provider Online

Go to www.southcoasthealthplan.org

1. Click **Members**
2. Then click **Find a Provider**

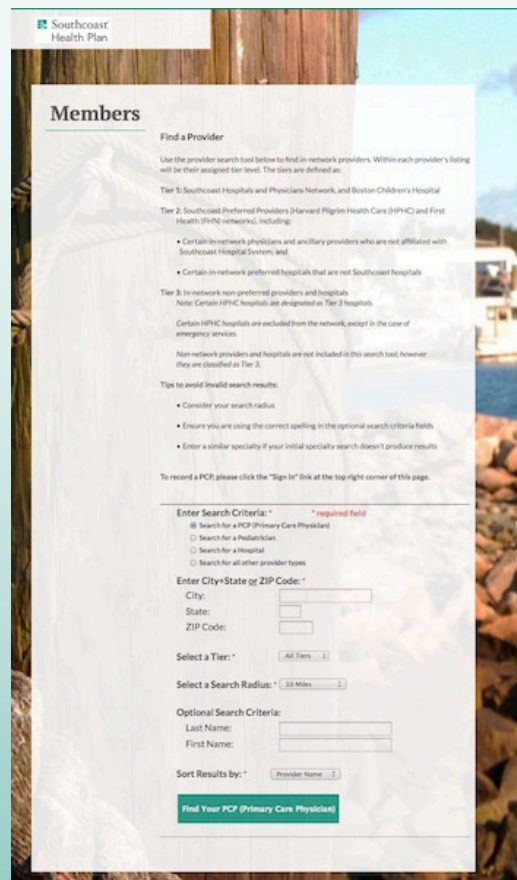

3. Enter data in the required fields

Required fields include:

- **Search Criteria**
- **City/State or ZIP Code**
- **Tier**
- **Search Radius**
- **Sort Preference**

There are several optional fields to refine your criteria:

- **Provider or Hospital Name**
- **Provider Type**
- **Provider Specialty**

(continued on back)

Find a Provider Online (continued)

4. Click **Search** or **Find** button to display your results
- The provider's tier assignment is listed below the office address and phone number.
 - You may also click **View Map** to view the provider's location.

The screenshot displays search results for providers in the Southcoast Health Plan network. The results are organized into a list with 'View Map' buttons for each entry. The first two entries are for Rafael Altieri at New Bedford Medical Associates PC, located at 49 State Rd and 53 Marion Rd, both in North Dartmouth, MA 02747. The third entry is for Arshan at a location in New Bedford. Below the search results is a map titled 'Members' showing the location of Southcoast Hospls Gr Inc at 101 Page St, New Bedford, MA 02740. The map includes a red pin and a callout box with directions. To the right of the map is a list of hospital locations, each with a 'View Map' button.

Tips to avoid invalid search results:

- Consider your search radius
- Ensure you are using the correct spelling in the optional provider or hospital name field
- If your initial provider specialty search doesn't produce results, try again with a similar specialty
