Southcoast Care Connect
844-744-5544
findadoc.southcoast.org

Our dedicated, local call center operators are here to assist you in finding a physician in your area. Appointments can be scheduled with a Southcoast primary care physician or specialist. You may call the number listed for your preferred provider or 844-744-5544 to get started.

Referrals
Your primary care physician is responsible for evaluating your condition or illness and determining the best course of treatment. Should you require a referral, Southcoast Care Connect can assist you in choosing the right specialist, getting an appointment and making sure your visit is authorized by your insurance.

Prior to your appointment, please be sure that any specialist you see participates in your insurance plan to avoid non-coverage of service.

If you have not heard from us within two business days of your Primary Care Physician referring you to a specialist, please call us at 844-744-5544 and we will assist you.

Please be aware that some insurance carriers may take more than a week to approve coverage of services.
